

EcoTank mono

Thinking laser? Think again

High quality Fast Economical

Includes ink to print up to 11,000 pages¹

EcoTank has a large refillable ink tank that is filled with the included ink bottles. From the start you have enough ink to print thousands of pages, cutting costs and saving time as you're not frequently changing toner.

Save up to €200 over 3 years²

Print thousands of pages with the included ink and refill with affordable replacement ink bottles that can save you over 90% on the cost per page³.

Save time

With an ink tank system, you can essentially fill it up and forget about it. Printing is fast with no warm-up time and print speeds of up to 20ppm⁴.

Reliable

Giving peace of mind, every EcoTank mono printer comes with a one-year/100,000-page warranty.

Save energy

Cut energy usage and reduce overheads with an EcoTank mono printer. It can save up to 95%⁵ in power consumption compared to mono laser printers.

EPSON[®]

¹ Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test patterns provided in ISO/IEC 19752. Quote yields are NOT based on ISO/IEC 24711. Quote yields may vary depending on the images you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.

² Savings achieved in 3 years by printing the same number of pages (250 pages per month) using the ink bottles included with the EcoTank mono printers and including hardware price. Comparison of the RRP hardware price of the Epson ET-M1120, ET-M2170 and ET-M3170 models against the average top selling 75% of A4 monochrome laser printers (below 20ppm class) hardware price listed in IDC Worldwide Quarterly Hardcopy Peripherals Tracker 2018Q3 data for the 12 months ending September 2018 (including VAT at 21%). Printing costs calculated on the largest available yield toner in the Western European market using average selling prices listed in IDC EMEA Semiannual Consumables Tracker 2018H1 for the 12 months to June 2018. Toner yields as communicated by the manufacturers websites.

³ Taking the RRP of the mono EcoTank replacement ink bottles and comparing printing costs calculated on the largest available yield toner divided by the average selling price in the Western European market listed in IDC EMEA Semiannual Consumables Tracker 2018 H1 for the 12 months to June 2018 (including VAT at 21%). Toner yields as communicated by the manufacturer's websites.

⁴ Determined in accordance with ISO/IEC 24734 showing the average of ESAT from the Office Category Test for default simplex. For more information visit www.epson.eu/testing

⁵ Comparison of the power consumption while printing of the Epson ET-M1120, ET-M2170 and ET-M3170 models against the average top selling 75% of A4 monochrome laser printers (below 20ppm class) listed in IDC Worldwide Quarterly Hardcopy Peripherals Tracker 2018 Q3 data for the 12 months ending September 2018. Power consumption values as communicated by the manufacturer's websites.

⁶ Epson iPrint requires a wireless connection and the Epson printing app. Epson Email print and Remote print driver require an internet connection. For more information, supported languages and devices, please visit www.epsonconnect.eu

⁷ Google Cloud Print is a trademark of Google Inc.

⁸ AirPrint-enabled printers work with iPhone 4s and later, iPad 2 and later, all models of iPad Air and iPad mini, and iPod touch 5th generation with the latest version of iOS, and Mac with the latest version of OSX.

⁹ Only applicable to the following models: ET-M1140, ET-M1180, ET-M2140, ET-M3140, and ET-M3170.

¹⁰ Only applicable to the following models: ET-M1140, ET-M1170, ET-M1180, ET-M2140, ET-M2170, ET-M3140, ET-M3170 and ET-M3180.
