

The new standard in reliability

New, improved printers from the market leader in mono lasers*.

Our **new-to-market** mono laser printers are our most **reliable** yet.

The new L5000 and L6000 ranges performed brilliantly in Buyers Lab testing, scoring highly for **reliability, productivity, and low cost of ownership**.

Their connectivity options were also singled out for praise, with extensive **scan to cloud and print** from mobile options.

With **super-fast print speeds of up to 46ppm**, the L5000 and L6000 are perfect for SMBs looking for a dependable and cost-efficient mono laser.
