# Choosing your printer has never been easier

Keep your office running smoothly by choosing a colour LED laser printer designed to support your office needs. This quick and colourful range combines print, copy, scan and fax functionalities into a single cost-efficient device, with a host of other features built-in to support you in your day-to-day role.

Each printer in the range benefits from a large 250 sheet paper tray meaning you can keep printing for longer. Save time and costs by choosing high yield cartridges, printing up to 3,000 pages\* for maximum productivity and lower cost per page.

Bring your documents to life in full colour while keeping energy usage down and operating at low sound levels of only 47dB - quieter than your daily office conversation.

\* Approx. cartridge yield is declared in accordance with ISO/IEC 19798.

# Total office support

Our top of the range multifunction machine offers total office support, with quick print options using Near-Field Communication (NFC) to print from your mobile and a colour touchscreen for quick access to your favourite features. Use the 2-sided automatic document feeder (ADF) for quick and easy scanning or copying and choose from different media up to 163gsm through the 30 sheet multi-purpose (MP) tray.

# You take care of your business...

while we take care of your printing

Don't be left without your printer when you need it most. We promise you total peace of mind with Brother's Managed Print Services (MPS).

Never run out of toner again, as we will order and deliver your supplies when you need them, reducing downtime and maximising productivity. You can also be in full control of your print, by tracking usage while keeping an eye on print-related costs.

We understand that in business every second counts and with our break fix options, your machine will let us know when it needs repairing, meaning we can respond quickly and reduce any downtime.

Let your print look after itself with Brother 'At Your Side.'

## No need to order toner

Never run out of toner again. With our MPS offering, we'll take care of the ordering, delivery and even recycling of your old toners, meaning you can spend your time on running your business.

## No waiting for repairs

Our 'At Your Side' support means you don't have to deal with long periods of downtime. We'll respond quickly to any faults and provide professional support, so any impact on your business is kept to a minimum.

## No worrying about spending

We know that visibility is key when it comes to budgeting for print. With our intuitive online portal, you can find a full breakdown of all your costs, as well as reporting on the way you spend. So you can stay on top of your usage at all time.

# Packed with business functionality

# Toner value pack

The perfect fit for your Brother printer

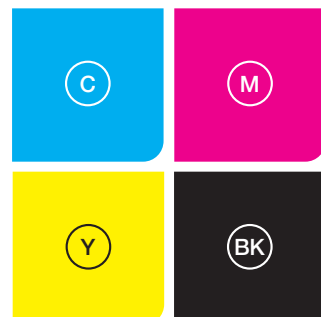

Designed and manufactured by Brother's expert engineers, our genuine TN-243 and TN-247 supplies are the perfect partners for the L3000 printer series.

The TN-243 toners offer yields of up to 1,000 pages, while TN-247 supplies can print up to 3,000 pages in black and 2,300 in colour. And as Brother Genuine Supplies, they are rigorously tested to ensure every print is as perfect as the last.

## Working with you for a better environment

We take our environmental responsibilities seriously, and encourage our customers to do the same by sending us their used Brother ink and toner cartridges for remanufacturing. Absolutely nothing goes to landfill and empty cartridges that cannot be reused will be recycled.

In return, Brother donates to rainforest-saving charity Cool Earth. With our support, the charity has saved over 7,000 acres of rainforest from destruction in Peru and Papua New Guinea, protecting a wealth of biodiversity and empowering villages to keep their homes intact. Let's continue to minimise our impact on the environment.
