Big features from a small machine

A personal printer to be proud of

When choosing a personal printer to bring into your home it's important to find the right balance of style, performance and cost-effectiveness. At Brother we fully understand the expectations of the modern family printer – that's where our latest range of A4 colour inkjets come in.

There are three, multifunction devices within this range, providing high quality print, scan, copy and fax functionality. You'll also have access to an array of connectivity options, such as a USB, wireless or even work from your mobile device via the new Brother Mobile Connect app.

With the feature-packed nature of these devices, they'll be a hit with all the family, helping with a mixture of documents from vivid photographs, personal documentation to the kids' homework.

Smart, stylish, compact

Enjoy crisp colour prints

If vivid colour documents are what you need, look no further. With resolutions of up to 1200 x 6000 dpi your documents will give you that 'wow' factor every time. You can even print photographs directly onto photograph paper; no cutting required.

Print from anywhere at home

Each machine within the range boasts wireless connection and mobile compatibility, so you can print on the go quickly and easily. Additionally, anyone, such as a guest, can easily connect and print if a quick task is required.

Compact, yet feature rich

If you think you need a large, bulky device to enjoy a high specification multifunction printer, think again. These compact machines come with a long list of useful features such as automatic document feeding, web connection, online scan functions, touch screen displays and so much more.

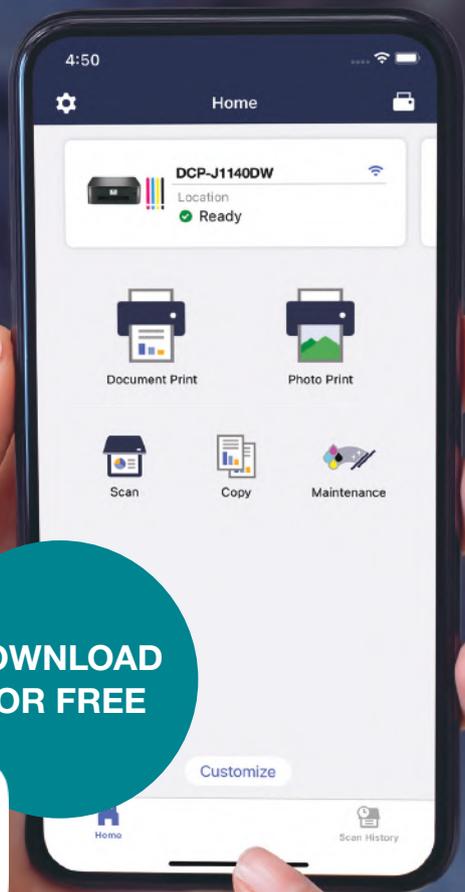

Flexible and simple to use

From the moment you unbox these devices they are incredibly simple to use. After a quick set up you can manage tasks via the colour LCD screens or even via the new Brother Mobile Connect app. Whether it's automatic 2-sided printing, saving the environment and paper, or using the automatic document feeder for multi-page scanning it's sure to improve your flexibility and help you multitask.

New app: Brother Mobile Connect

The way we live and work is changing rapidly, and to support the flexibility required, we've launched a new app. Brother Mobile Connect provides intuitive, time saving functionality to fit seamlessly into a busy life. Print from anywhere, manage documents and get discounted genuine supplies all from your mobile device.
