

**Outstanding  
A3 colour  
printing without  
compromise**

[www.brother.co.uk/professional-inkjet](http://www.brother.co.uk/professional-inkjet)

**Our business inkjet range delivers superior A3 colour printing that packs a punch. With low energy consumption, you can be assured your carbon footprint is moving in the right direction.**

This range of business inkjets comes with specific tools and features together with high yield cartridges to help you manage costs without compromising on quality.

Boasting a leading first page print out time of under five seconds<sup>2</sup> and print speeds up to 30ipm<sup>1</sup>, you're never held up waiting for documents to be printed. Flexible media handling capabilities and paper capacity of up to 750 sheets<sup>6</sup> keeps your business moving with minimal interruption. All models support full colour printing up to A3 with the option of A3 copy and scan.

Add to that print management solutions, robust security features that keep your company protected, and multiple connectivity options, and you have a suite of printers that don't just keep up with your business, but help to keep it running at its best.

# Secure, impactful A3 colour printing you can rely on

## Create impactful documents that stand out.

The newly developed full-pigment ink bring your documents to life with vibrant and sharp images. Using the optimal combination of colour ingredients, you can be confident that your documents are water, smear and fade resistant.

## Work without interruption

Unreliable technology can have a knock on effect to the rest of your business. That's why this business inkjet range has been designed with durability in mind. A redesigned print head and increased engine life mean you can be confident your printer will keep on printing for as long as you need it to.

## Built-in security features

Be confident that your business documents are secure with professional security features available as standard. Built-in features such as IPsec support and access control, conforming to IEEE 802.1x standards, help to keep your network protected. Intrusion detection enables devices to constantly monitor and automatically recognise attacks, taking preventative measures to protect against the threat of hacking.

End-to-end encryption allows you to connect and share documents with confidence with secure document sharing via SFTP. Data is encrypted and password protected via SSL when it is transferred, meaning anyone trying to capture it will not be able to read it as all the data will be encrypted.

## Page gauge

Be confident you will not be caught without any ink when you need it most. You have complete visibility on how much ink is left in your cartridges with our unique page gauge counter. In addition, the transparent ink cartridge design also allows you to see how much ink is left, giving reassurance of when the inks need to be replaced, and avoiding changing supplies too early.

**Redefining  
printing  
technology**

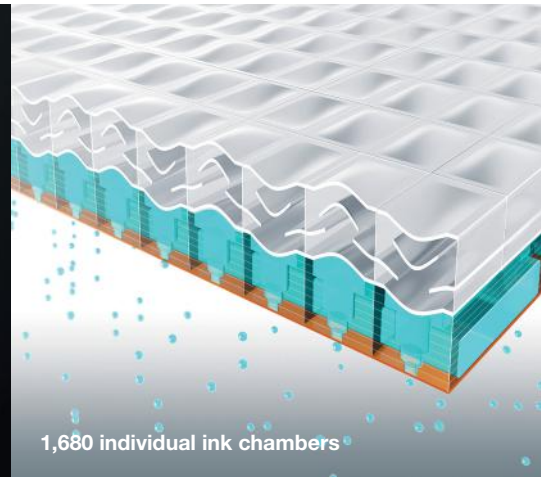

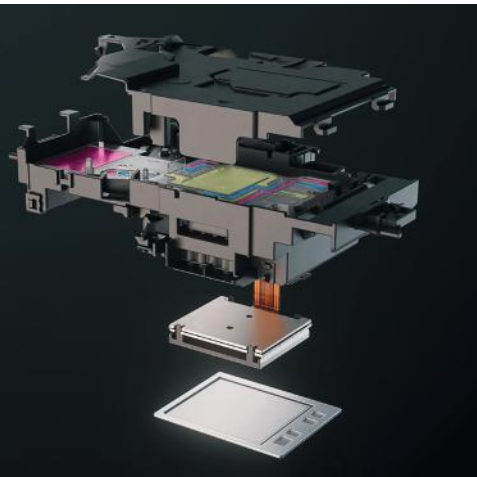

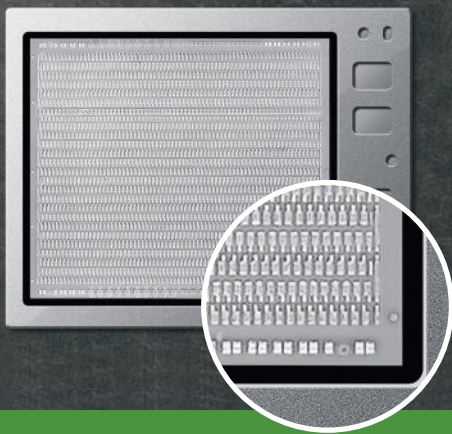

## Powerful next generation, high density printing

Through years of meticulous engineering design, our engineers have worked tirelessly to redefine our inkjet core technology, striving to create more precise, durable components to enhance print speed and extend machine life.

Brother's patented MAXIDRIVE print chip utilises a unique dual transformational piezoelectric system that emits ink at high power.

The MAXIDRIVE print chip delivers ultra-fast, durable, premium quality colour printing. Individual ink droplets are provided via 40 micrometre thick film, ejected through 1,680 individual chambers across a single print chip.

40µm piezoelectric element

1,680 individual ink chambers

### Enhanced print quality

Each chip carries 1,680 pressure chambers where ink droplets are discharged.

### More durable

Up to 200% more prints in a lifetime. The piezoelectric element is engineered to change shape upwards and downwards.<sup>Δ</sup>

### Increased print speed

High speed injection, up to 150% faster with advanced droplet control.<sup>Δ, ◇</sup>

<sup>Δ</sup> Compared to Brother conventional model  
<sup>◇</sup> Only on selected models for colour printing

## A3 colour printing that packs a punch

PRINT

COPY

SCAN

FAX

WIRELESS

A3

Up to 30ipm print speed<sup>1</sup>

Automatic 2-sided A3 print, scan, copy and fax

8.8cm colour touchscreen

Wired and wireless connectivity

3 x 250 sheet paper trays<sup>6</sup>

100 sheet multi-purpose tray<sup>6</sup>

50 sheet, 2-sided, A3 auto document feeder<sup>6</sup>

Print from or scan to USB<sup>6</sup>

Near field communication for secure authentication, mobile print and scan

Optional high-yield inks: Black (LC427XL BK) 6,000 pages, colour (LC427XL C/M/Y) 5,000 pages<sup>7</sup>

## MFC-J6957DW

Up to 30ipm print speed<sup>1</sup>

Automatic 2-sided A4 print, scan, copy and fax

8.8cm colour touchscreen

Wired and wireless connectivity

2 x 250 sheet paper trays<sup>6</sup>

100 sheet multi-purpose tray<sup>6</sup>

50 sheet, 2-sided, A4 auto document feeder<sup>6</sup>

Print from or scan to USB

Near field communication for secure authentication, mobile print and scan

Optional high-yield inks: Black (LC427XL BK) 6,000 pages, colour (LC427XL C/M/Y) 5,000 pages<sup>7</sup>

## MFC-J5955DW

Up to 30ipm print speed<sup>1</sup>

Automatic 2-sided A3 print, scan, copy and fax

8.8cm colour touchscreen

Wired and wireless connectivity

2 x 250 sheet paper trays<sup>6</sup>

100 sheet multi-purpose tray<sup>6</sup>

50 sheet, 2-sided, A3 auto document feeder<sup>6</sup>

Print from or scan to USB

Near field communication for secure authentication, mobile print and scan

Optional high-yield inks: Black (LC427XL BK) 6,000 pages, colour (LC427XL C/M/Y) 5,000 pages<sup>7</sup>

## MFC-J6955DW

## Supplies

**BK** (Black), **C** (Cyan), **M** (Magenta), **Y** (Yellow)

### Standard yield cartridges

Code	Pages <sup>1</sup>
LC-427 <b>BK</b>	3,000
LC-427 <b>C</b>	1,500
LC-427 <b>M</b>	1,500
LC-427 <b>Y</b>	1,500

### High yield cartridges

Code	Pages <sup>1</sup>
LC-427 <b>XLBK</b>	6,000
LC-427 <b>XL C</b>	5,000
LC-427 <b>XL M</b>	5,000
LC-427 <b>XL Y</b>	5,000

### Accessories

ZUNTMFCJ5900Z1 - Cabinet (MFC-J5955DW)  
 ZUNTNFCJ6900Z1 - Cabinet (MFC-J6955DW and MFC-J6957DW)

<sup>1</sup>Approx. cartridge yield is declared in accordance with ISO/IEC 24711.

Designed and manufactured by our expert engineers, our genuine LC427 supplies are the perfect partners for the X series inkjet printer series. The high yield cartridges offer up to 6,000 pages per black cartridge and 5,000 pages per cyan, magenta and yellow cartridge as a more economical option over the standard yield cartridges, reducing your cost per page. And as Brother Genuine Supplies, they are rigorously tested to ensure every print is as perfect as the last.

# Contract printing that looks after itself

Managed print services (MPS) enable you to get the best out of your devices and eliminate the burden of day-to-day management of your print fleet. That's why each printer has been designed with MPS in mind.

## Don't be left without your printer when you need it most

We promise you total peace of mind with Brother's MPS. Never run out of ink again, as we will order and deliver your supplies just when you need them, reducing downtime and maximising productivity. You can also be in full control of your print, by tracking usage while keeping an eye on print-related costs.

We understand that in business every second counts, and with our break and fix options, your machine will let us know when it needs repairing, meaning we can respond quickly and reduce any downtime.

## No waiting for repairs

Our "At your side" support means you don't have to deal with long periods of downtime. We'll respond quickly to any faults and provide professional support, so any impact on your business is kept to a minimum.

## No worrying about spending

We know that visibility is key when it comes to budgeting for print. With our intuitive online portal, you can find a full breakdown of all your costs, as well as reporting on the way you spend. So you can stay on top of your usage at all times.

# COOL EARTH

We take our environmental responsibilities seriously and encourage our customers to do the same by returning used Brother ink cartridges to us at no cost. We have a zero waste to landfill policy for these returns and ensure empty cartridges are ethically recycled.

To complement our recycling promise, we have been partners with Cool Earth for over a decade and together we back local people to protect rainforest from deforestation.

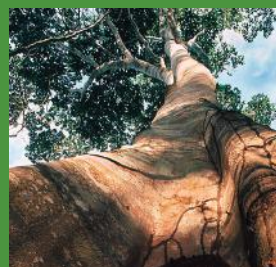

Brother and Cool Earth have supported seven communities in the rainforests of Papua New Guinea and the Peruvian Amazon empowering them to be custodians of over 70,000 hectares of rainforest, 23,305,975 trees and over 37 million tonnes of carbon stores.

**Protect**  
**70,000**

# Custom Solutions

With the ever changing workplace, it's important to continuously refine the way you work. Utilising the right technology can redefine business processes and bring surprising benefits.

Through working closely with our customers and understanding their requirements, we have developed a range of custom solutions that are tailored to meet individual business needs.

## Industry challenges

 <b>Security</b> Keeping printed and scanned data secure, especially confidential documents.	 <b>Compliance</b> Regulations and guidelines around security, privacy and data protection such as GDPR.	 <b>Productivity</b> Document-heavy processes that are handled manually are counter productive, costly and potentially error prone.	 <b>Hybrid working/the new office</b> Reducing touch points on devices in the office, ensuring governance of information and reducing print costs in the home, enabling the mobile workforce with capabilities for capture and print.	 <b>Multiple solutions</b> Technical challenges with stand alone solutions to securely manage content across print, capture and mobile workflows in mixed-fleet environments and with a large business application ecosystem.

## Key market statistics

<b>71%</b> of all cybersecurity incidents are caused by employees leaving private printed documents unattended	<b>90%</b> of organisations have reported a print-related data loss
<b>21%</b> increase in security vulnerabilities in connected devices including printers in the last year	<b>86%</b> of executives have concerns around the security of home printers
<b>75%</b> of businesses are expecting an increase in demand for the digitisation of paper based processes	<b>35%</b> increase in employee productivity when switching from manual to digital processes

Brother have a range of solutions please visit  
<https://www.brother.co.uk/business-solutions/custom-solutions>

# Specification and features

1. Print speeds based on ISO/IEC 24734
2. First print out time based on ISO/IEC 17629
3. Scan speeds based on ISO/IEC 17991
4. Copy speeds ESAT based on ISO/IEC 24735
5. Mobile printing - optional download
6. Capacity calculated with 80g/m<sup>2</sup> paper
7. Approx. declared yield value in accordance with ISO/IEC 24711
8. The first time you install a set of ink cartridges the machine will use an amount of ink to fill the delivery tubes for high quality printouts. This process will only happen once. The amount of ink remaining<sup>7</sup> will be a minimum of 2,250 pages BK and 975 pages CMY

## General

8.8cm colour touchscreen

A4 single and 2-sided print

A3 2-sided print

512MB memory

## Print <sup>1,2</sup>

1-sided print speed: 30ipm mono/30ipm colour

2-sided print speed: 21ipm mono/21ipm colour

First print out time - up to 4.6 seconds (colour), 4.4 seconds (mono)

PCL6, BR-Script3, PDF version1.7, XPS version 1.0

Up to 3,500 pages recommended monthly print volume

## Scan <sup>3</sup>

1-sided, A4 scan speed: 25ipm mono/25ipm colour

1-sided, A3 scan speed: 13.0ipm mono/13.0ipm colour

2-sided, A4 scan speed: 30ipm mono/30ipm colour

2-sided, A4 scan speed: 36ipm mono/36ipm colour

2-sided, A3 scan speed: 17ipm mono/17ipm colour

Scan resolution from ADF: Up to 600 x 600dpi

Scan resolution from ADF: Up to 600 x 600dpi (mono)/300 x 600dpi (colour)

Scan resolution from scanner glass: Up to 1200 x 2400dpi (mono)/1200 x 1200dpi (colour)

Scan to email, image, OCR, file, USB, FTP, SFTP, network folder (Windows only), email server and SharePoint

## Copy <sup>4</sup>

1-sided copy speed: 25ipm mono/16ipm colour

2-sided copy speed: 18ipm mono/13ipm colour

Copy resolution print, mono and colour print: Max. 1200 x 4800dpi

Copy resolution scan, mono and colour scan: Max. 600 x 600dpi (FB/ADF)

Copy resolution scan, mono and colour scan: Max. 600 x 600dpi (FB)/300 x 600dpi (ADF)

## Fax

33,600bps Super G3

PC fax send and receive

Up to 50 location broadcast

## Connectivity <sup>5</sup>

High Speed USB 2.0

USB host (front) - Direct print/scan

Ethernet (10Base-T/100Base-TX)

Wireless 2.4 and 5GHz (IEEE 802.11a/b/g/n) with Wi-Fi Direct™

Mobile printing: Mobile Connect, Brother Print Service Plugin, AirPrint, Mopria

Web Connect (connect with 3rd party services) and Brother Apps

Near field communication for secure authentication, mobile print and scan

## Paper handling <sup>6</sup>

Standard input tray: 250 sheets (80 g/m<sup>2</sup>)

Multi-purpose tray capacity: 100 sheets

Lower tray capacity: 250 sheets

Lower 3rd tray capacity: 250 sheets

Automatic document feeder capacity: 50 pages

Output tray capacity: A4 - 100 sheets/A3 - 50 sheets

Media weights: Standard and multi-purpose tray, 64 to 220 g/m<sup>2</sup>. Lower tray, 64 to 120 g/m<sup>2</sup>

Media weight: ADF, 64 to 120 g/m<sup>2</sup>

## Supplies <sup>7</sup>

Product is shipped with LC427 standard yield cartridges<sup>8</sup>

Standard yield cartridges: 3,000 black (LC427BK)/1,500 colour (LC427 C/M/Y)

High yield cartridges: 6,000 black (LC427XLBK)/5,000 colour (LC427XL C/M/Y)
